- Self contained kitchens in motorized trailers are allowed. All tents and other items including display stands, tables and chairs must be erected within 30 minutes of the market opening and must be removed within an hour after the market has closed.
- Vendors are **STRONGLY ENCOURAGED** to carry personal liability insurance. If you do not have insurance go to <https://duuo.ca> they have the best rates for vendor insurance. As vendors \$33 for the season is not outrageous. This was the average last year vendors paid.

Criteria:

The criteria required for participation in the farmers market are only Ontario grown produce and Ontario hand-made items (i.e. art, craft, jam and baking) will be allowed for sale and this will be closely monitored. No flea market items, no item must manufactured from a pattern, items must be made in Ontario by hand.

Farmers and Processors are defined as:

Farmers: (producers) are persons who grow produce (vegetables, fruits and nuts) herbs, flowers or nursery crops from seed or plants, and care for nurtured, cultivated and harvest the crops offered for sale at a farmers' market. Beekeepers, egg farmers, poultry growers, and fish growers are considered in this category.

Processors: are persons offering fresh food products that have added value to their product through some sort of "hands-on" processing (examples: smoked meats, baked goods, handmade candies etc).

Competition

More vendors that take part in the market is healthy. Some vendors prices maybe higher than others, but each vendor has right to their prices and the Chamber ask that all vendors respect other vendors. The Chamber's goal is to make sure we provide a healthy, happy environment for all to enjoy.

*The Market Manager shall be responsible to the Board of Directors of the Central & North Hastings Chamber of Commerce.

I have read and understood the Regulations above and agree to comply with them.
